2 **CLAIMS AND AMENDMENTS TO THE CLAIMS**

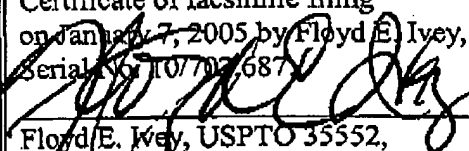

3 1. At page 2/paragraph 1 the Examiner has Objected to redundant or incorrect words in
4 claims 1 and 3. Claim 1 has been cancelled. In claim 3/line 4, "gorve" is replaced with
5 "groove".. With said amendment your applicant respectfully requests the Examiner to
6 withdraw the objection.

7
8 2. At page 2/paragraph 1 the Examiner has Objected, in claim 6, line 20 stating that

11
12 3. At page 2/paragraph 1, the Examiner has objected, in claim 7, line 2 stating that "bat"
13 should be "bag". Claim 7 has been amended accordingly. With said amendment your
14 applicant respectfully requests the Examiner to withdraw the objection.

15
16 4. At page 2/paragraph 4, the Examiner has rejected claim 4 as indefinite relative to the
17 recitation of "*other shaped downward directed protrusion*" relative to the same making it
18 unclear as to what are exactly the metes and bounds of the claim. Accordingly, the words
19 "other shaped" have been deleted and the claim amended. With said amendment your
20 applicant respectfully requests the Examiner to withdraw the rejection.

21
22 5. At page 2/paragraph 5, the Examiner has rejected claim 10 as indefinite relative to the

1 Examiner to withdraw the rejection.

3 6. At page 2/paragraph 6, the Examiner has rejected claim 11 as indefinite relative to the
4 recitation of the "eyelets molded as an integral part of the top frame member OR...the
5 eyelets are affixed by eyelet affixing means" making it unclear as to what is being
6 claimed since the elements are not equivalent structures. Claim 11 has been accordingly
7 amended stating "... has one or more upward projecting eyelets (450) molded as an
8 integral part of the top frame member (210) or one or more upward projecting eyelets
9 (450) are affixed by eyelet (450) affixing means ..." With said amendment your applicant

15 8. At page 4/paragraph 10, the Examiner has rejected claim 1 as being unpatentable over
16 Kosvich in view of Brandt. Claim 1 has been cancelled.

17

18 9. At page 4/paragraph 11, the Examiner advises that Claims 2 and 3 are objected to as
19 being dependent upon a rejected base claim, but would be allowable if rewritten in
20 independent form including all of the limitations of the base claim and any intervening
21 claims.

22 Claim 1 has been cancelled.

23 Claim 2 depended from Claim 1 and has been amended to include all limitations
24 of base Claim 1. With said amendment your applicant respectfully requests the Examiner
25 to withdraw the rejection.

1 Claim 3 depends from Claim 2 and hence is subject to all limitations of the
2 cancelled base claim 1 and claim 2. Hence your applicant respectfully requests the
3 Examiner to withdraw the rejection.
4

5 10. At page 4/paragraph 12, the Examiner advises that claims 4-22 are allowable if
6 rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in the
7 Office action and to include all of the limitations of the base claim and any intervening
8 claims.
9

10 11. Your applicant observes that claim 13 was identical to claim 11. Hence, claim 13 has
